

7. POLITICAL PROGRAMME

This is the final programme, which has been put together in Amsterdam at the Easter meeting.

If nothing else is stated the general agreement is that educationals and introductions should be kept at 40min, to leave time for discussion, remember to speak slow for the translation.

If there are any problems preparing introductions, especially for the spaces, please say so on the youth list so that another delegation can make preparations.

Programme of the 39th Fourth International Youth Camp

Day 0 (19th of July):
